2. For greater certainty, the treatment to be accorded by a Party under paragraph 1 means, with respect to a regional level of government, treatment no less favourable than the most favourable treatment that regional level of government accords to any like, directly competitive, or substitutable goods, as the case may be, of the Party of which it forms a part.

The parties to that agreement shall inform the other Parties as early as practicable before the new rate of customs duty takes effect.

6. For greater certainty, no Party shall prohibit an importer from claiming for an originating good the rate of customs duty applied under the WTO Agreement.

**Article 2.5: Waiver of Customs Duties**

  - (b) transforms an unfinished good into a finished good.

**Article 2.7: Duty-Free Entry of Commercial Samples of Negligible Value and Printed Advertising Material**

Each Party shall grant duty-free entry to commercial samples of negligible value and printed advertising material imported from the territory of another Party, regardless of their origin, but may require that:

- (a) such samples be imported solely for the solicitation of orders for goods, or services provided from the territory, of another Party or a non-Party; or

3. No Party may condition the duty-free temporary admission of goods referred to in Paragraph 1, other than to require that such goods:
  - (a) be used solely by or under the personal supervision of a national or resident of another Party in the exercise of the business activity, trade, profession, or sport of that person;
  - (b) not be sold or leased while in its territory;

- (b) For the purposes of this paragraph, pallet means a small, portable platform, which consists of two decks separated by bearers or a single deck supported by feet, on which goods can be moved, stacked, and stored, and which is designed essentially for handling by means of fork lift trucks, pallet trucks, or other jacking devices.

5. If any condition that a Party imposes under paragraph 3 has not been fulfilled, the Party may apply the customs duty and any other charge that would normally be owed on the good plus any other charges or penalties provided for under its law.

6. Each Party shall adopt and maintain procedures providing for the expeditious release of goods admitted under this Article. To the extent possible, such procedures shall provide that when such a good accompanies a national or resident of another Party who is seeking temporary entry, the good shall be released simultaneously with the entry of that national or resident.

7. Each Party shall permit a good temporarily admitted under this Article to be exported through a customs port other than that through which it was admitted.

8. Each Party, in accordance with domestic law, shall provide that the importer or other person responsible for a good admitted under this Article shall not be liable for failure to export the good on presentation of satisfactory proof to the importing Party that the good has been destroyed within the original period fixed for temporary admission or any lawful extension.

9. Subject to Chapter 9 (Investment) and Chapter 10 (Cross-Border Trade in Services):

- (a) each Party shall allow a vehicle or container used in international traffic that enters its territory from the territory of another Party to exit its territory on any route that is reasonably related to the economic and prompt departure of such vehicle or container<sup>3</sup>
- (b) no Party shall require any security or impose any penalty or charge solely by reason of any difference between the customs port of entry and the customs port of departure of a vehicle or container;

---

<sup>2</sup> Each Party shall eliminate customs duties on containers classified in HS 86.09 that have an internal volume of less than one cubic meter at entry into force of this Agreement for that Party as set out in that Party's Schedule to Annex 2-D (Tariff Elimination).

<sup>3</sup> For greater certainty, nothing in this subparagraph shall be construed to prevent a Party from adopting or maintaining highway and railway safety measures of general application, or from preventing a vehicle or container from entering or exiting its territory in a location where the Party does not maintain a customs port.

- (c) no Party shall condition the release of any obligation, including any security that it imposes in respect of the entry of a vehicle or container into its territory on its exit through any particular customs port of departure; and
- (d) no Party shall require that the vehicle or carrier bringing a container from the territory of another Party into its territory be the same vehicle or carrier that takes such container to the territory of that other Party, or to the territory of any other Party.

10. For purposes of paragraph 9, “vehicle” means a truck, a truck tractor, a tractor, a trailer unit or trailer, a locomotive, or a railway car or other railroad equipment.

**Article 2.10: *Ad hoc* Discussions**

1. Each Party shall designate a Contact Point for Trade in Goods to facilitate communications amongst the Parties on any matter covered by this Chapter, including any request or information conveyed under Article 26.5 relating to measures of a Party which affects the operation of this Chapter.

2. Any Party (“the requesting Party”) may request *ad hoc* discussions to discuss any matter arising under this Chapter (including specific non-tariff measures), except a matter that could be addressed under a Chapter-specific consultation mechanism established under another Chapter, that the requesting Party believes may adversely affect its interests in trade in goods by delivering a written request to another Party (“the requested Party”) through the Contact Points for Trade in Goods of the requesting Party and requested Party. The request shall be in writing and identify the reasons for the request, including a description of the requesting Party’s concerns and an indication of the provisions of this Chapter to which the concerns relate. The requesting Party may provide all the other Parties with a copy of the request.

3. To the extent that the Party to which the request is directed considers that the matter which is the subject of the request should be addressed under a Chapter-specific consultation mechanism established under another Chapter, it shall promptly notify the Contact Points for Trade in Goods of the requesting Party including the reasons it considers that the request should be addressed under the other mechanism and forward the request and such notification to the Parties’ respective contact points designated under Article 27.5 (Contact Points) for appropriate action.

4. Within 30 days of receipt of a request under paragraph 2, the requested Party shall provide a written reply to the requesting Party. Within 30 days of the requesting Party’s receipt of the reply, the requesting and requested Parties (“the discussing Parties”) shall meet in person or via electronic means to discuss the matter identified in the request. If the discussing Parties choose to meet in person, the meeting shall take place in the territory of the requested Party, unless otherwise decided by the discussing Parties.

5. Any Party may submit a written request to the discussing Parties to participate in the *ad hoc* discussions. If the matter has not been resolved prior to receipt of such request and if discussing Parties agree, such Party may participate in the *ad hoc* discussions held under this Article subject to such conditions as the discussing Parties may decide.

6. If the requesting Party believes that the matter is urgent, it may request that any discussions take place within a time frame shorter than that provided for under paragraph 4. Any Party may request urgent *ad hoc* discussions where a measure:

- (a) is applied without prior notice or without an opportunity for Parties to avail themselves of the opportunities for *ad hoc* discussions provided in paragraphs 2, 3 and 4; and
- (b) may threaten to impede the importation, sale or distribution of an originating good which is in the process of being transported from the exporting Party to the importing Party, or has not been released from Customs control or is in storage in a warehouse regulated by the Customs Administration of the importing Party.

7. *Ad hoc* discussions under this Article shall be confidential and without prejudice to the rights of any Party, including being without prejudice to rights pertaining to dispute settlement proceedings under Chapter 28 (Dispute Settlement).

**Article 2.11: Import and Export Restrictions**

1. Except as otherwise provided in this Agreement, no Party shall adopt or maintain any prohibition or restriction on the importation of any good of another Party or on the exportation or sale for export of any good destined for the territory of another Party, except in accordance with Article XI of the GATT 1994 and its interpretative notes, and to this end Article XI of the GATT 1994 and its interpretive notes are incorporated into and made a part of this Agreement, *mutatis mutandis*.

2. The Parties understand that the GATT 1994 rights and obligations incorporated by paragraph 1 prohibit, in any circumstances in which any other form of restriction is prohibited, a Party from adopting or maintaining:

- (a) export and import price requirements, except as permitted in enforcement of countervailing and antidumping duty orders and undertakings;

5. Paragraphs 1 and 2 shall not apply to the measures set out in Annex 2-A (National Treatment and Import and Export Restrictions).
6. In the event that a Party adopts or maintains a prohibition or restriction on the importation from or exportation to a non-Party of a good, no provision of this Agreement shall be construed to prevent that Party from:
- (a) limiting or prohibiting the importation of the good of the non-Party from the territory of another Party; or
  - (b) requiring as a condition for exporting the good of that Party to the territory of another Party, that the good not be re-exported to the non-Party, directly or indirectly, without being consumed in the territory of the other Party.
7. In the event that a Party adopts or maintains a prohibition or restriction on the importation of a good from a non-Party, the Parties, on the request of any Party, shall consult with a view to avoiding undue interference with or distortion of pricing, marketing, or distribution arrangements in another Party.
8. No Party may, as a condition for engaging in importation or for the importation of a good, require a person of another Party to establish or maintain a contractual or other relationship with a distributor in its territory.<sup>4</sup>

2. Interim staged rates shall be rounded down at least to the nearest tenth of a percentage point or, if the rate of duty is expressed in monetary units, as specified in each Party's Tariff Schedule.
3. (a) Except as otherwise provided in paragraph 4(a), when this Agreement enters into force for a Party pursuant to paragraph 1, 2, or 3 of Article 30.5 (Entry into Force):
